Welcome to the Faculty of Science and Engineering!

Whether you are a new or a returning student, we could not be happier to be on this journey with you.

At Swansea University and in the Faculty of Science and Engineering, we believe in working in partnership with students. We work hard to break down barriers and value the contribution of everyone.

Our goal is an inclusive community where everyone is respected, and everyone's contributions are valued. Always feel free to talk to academic, technical and administrative staff, administrators - I'm sure you will find many friendly helping hands ready to assist you. And make the most of living and working alongside your fellow students.

During your time with us, please learn, create, collaborate, and most of all – enjoy yourself!

Professor David Smith
Pro-Vice-Chancellor and Executive Dean
Faculty of Science and Engineering

Faculty of Science and Engineering	
Pro-Vice-Chancellor and Executive Dean	Professor David Smith
Head of Operations	Mrs Ruth Bunting
Associate Dean – Education	Dr Laura Roberts
School of Engineering and Applied Sciences	
Head of School	Professor Serena Margadonna
School Education Lead	Professor Simon Bott
Head of Biomedical Engineering	Professor Huw Summers
Biomedical Engineering Programme Director (Postgraduate Taught)	Dr Raoul van Loon - r.vanloon@swansea.ac.uk
Year Coordinator	Dr Raoul van Loon - r.vanloon@swansea.ac.uk

DISCLAIMER

The Faculty of Science and Engineering has made all reasonable efforts to ensure that the information contained within this publication is accurate and up-to-date when published but can accept no responsibility for any errors or omissions.

The Faculty of Science and Engineering reserves the right to revise, alter or discontinue degree programmes or modules and to amend regulations and procedures at any time, but every effort will be made to notify interested parties.

It should be noted that not every module listed in this handbook may be available every year, and changes may be made to the details of the modules. You are advised to contact the Faculty of Science and Engineering directly if you require further information.

The 24-25 academic year begins on 23 September 2024

Full term dates can be found [here](#)

DATES OF 24-25 TERMS

23 September 2024 – 13 December 2024

06 January 2025 – 11 April 2025

06 May 2025 – 06 June 2025

SEMESTER 1

23 September 2024 – 27 January 2025

SEMESTER 2

27 January 2025 – 06 June 2025

SUMMER

09 June 2025 – 19 September 2025

IMPORTANT INFORMATION ON ACADEMIC INTEGRITY

Swansea University and the Faculty of Science of Engineering takes any form of **academic misconduct** very seriously. In order to maintain academic integrity and ensure that the quality of an Award from Swansea University is not diminished, it is important to ensure that all students are judged on their ability. No student should have an unfair advantage over another as a result of academic misconduct - whether this is in the form of **Plagiarism, Collusion** or **Commissioning**.

It is important that you are aware of the **guidelines** governing Academic Misconduct within the University/Faculty of Science and Engineering and the possible implications. The Faculty of Science and Engineering will not take intent into consideration and in relation to an allegation of academic misconduct - there can be no defence that the offence was committed unintentionally or accidentally.

Please ensure that you read the University webpages covering the topic – procedural guidance [here](#) and further information [here](#). You should also read the Faculty Part One handbook fully, in particular the pages that concern Academic Misconduct/Academic Integrity.

STUDENT SUPPORT

The **Student Experience and Information Team** are here to support you through your studies and to provide non-judgemental advice and guidance. If you have any questions relating to your academic or personal life you can contact the Team and chat through your support options.

The Team is available for in-person support meetings and can also be contacted via email (studentsupport-scienceengineering@swansea.ac.uk) or phone (**+44 (0) 1792 295514**). You can access their full contact details [here](#).

To visit the Team you can attend either of the following Receptions:

- Reception in the Foyer of Engineering Central, [Bay Campus](#)
- Reception on the first-floor landing of the Wallace Building, [Singleton Park Campus](#)
-

Standard Reception opening hours are Monday to Friday from 9am to 5pm however, this may vary outside of term time.

The current [FSE Student webpages](#) also contain useful information and links to additional resources:

READING LISTS

Reading lists for each module are available on the course Canvas page and are also accessible via <http://ifindreading.swan.ac.uk/>.

We do not expect you to purchase textbooks, unless it is a specified key text for the course.

THE DIFFERENCE BETWEEN COMPULSORY AND CORE MODULES

Compulsory modules must be **pursued** by a student.

Core modules must not only be **pursued**, but also **passed** before a student can proceed to the next level of study or qualify for an award. Failures in core modules must be redeemed.

Further information can be found under “Modular Terminology” on the following link - <https://myuni.swansea.ac.uk/academic-life/academic-regulations/taught-guidance/essential-info-taught-students/your-programme-explained/>

MSc (FHEQ Level 7) 2024/25
Biomedical Engineering MSc
MSc Biomedical Engineering

Compulsory Modules

Semester 1 Modules	Semester 2 Modules
EG-M321 Image-based Biomaterial Fabrication & Biomechanical Testing 20 Credits Dr H Arora/Dr R Van Loon CORE	EG-M160 Advanced Microfluidics 10 Credits Dr F Del Giudice CORE
EGNM05 Bio-nanotechnology 10 Credits Dr CJ Wright CORE	EG-M190 Socio-Technical Engineering 10 Credits Dr SA Rolland/Prof JC Arnold CORE
EGNM07 Principles of Nanomedicine 10 Credits Prof HD Summers CORE	EG-M332 Medical Imaging & Informatics 20 Credits Prof P Rees CORE
EGTM79 Sustainability and Environmental Assessment 10 Credits Prof GTM Bunting/Mr MH Green CORE	
Dissertation	
EG-D14 MSc Dissertation - Biomedical Engineering 60 Credits Dr R Van Loon CORE	
Total 180 Credits	

Optional Modules

Choose exactly 10 credits

Students who have studied EGA336 in Swansea as part of their undergraduate degree will have to elect EG-M97

EG-M326	Biomedical Flows in Physiology and Medical Devices	Dr H Arora	TB1	10 (CORE)
EG-M97	Advanced Solid Mechanics	Dr C Wang	TB1	10 (CORE)

And

Choose exactly 10 credits

EG-M83	Simulation Based Product Design	Dr AJ Williams/Dr AC Tappenden	TB2	10 (CORE)
------------------------	---------------------------------	--------------------------------	-----	--------------

And

Choose exactly 10 credits

Students who have studied EGA308 in Swansea as part of their undergraduate degree will have to elect EGM403 Implant Engineering 2.

EGM403	Implant Engineering 2	Dr CJ Wright/Dr F Zhao	TB2	10 (CORE)
------------------------	-----------------------	------------------------	-----	--------------

Or

Choose exactly 30 credits

<u>EG-M327</u>	Tissue Engineering	Dr CJ Wright	TB1	10 (CORE)
<u>EG-M83</u>	Simulation Based Product Design	Dr AJ Williams/Dr AC Tappenden	TB2	10 (CORE)
<u>EGM403</u>	Implant Engineering 2	Dr CJ Wright/Dr F Zhao	TB2	10 (CORE)
